

Readers Write: In support of Kim Keiserman for State Senate

Contact Info: David Meryash, 516 236 5361

We will be voting for Kim Keiserman for state Senate this November. Here are some of the reasons why we think you should vote for her, too:

Kim is super hardworking and passionate about the people in her community. We have worked with Kim on campaigns and in connection with clubs and she is relentless when it comes to getting things done. Nobody will work harder to deliver for the people of SD-7 than Kim Keiserman.

Kim cares deeply about women's rights and, in particular, their right to make their own healthcare and reproductive decisions. This is crucial for New Yorkers, as we can no longer rely on federal laws and courts to protect women.

Kim believes in sensible gun control legislation to keep New Yorkers – and especially our children – safe.

Kim believes in a strong public education system that gives all kids equal opportunity, and she will make sure the schools in SD-7 get their fair share of resources.

Kim cares passionately about our environment, and she will do everything possible to bring needed state resources to our district to preserve and protect our land, air, and water.

We have worked with Kim enough to know that she is smart, honest, hardworking, and tough. She will bring all of that and more to Albany. We will be lucky to have her representing us.

Please join us in voting for Kim Keiserman for State Senate in the general election.
